

## 9030P PIRTEK Fluid Power Glove

*Protection You Can't Get Anywhere Else, Hands Down.*

### Glove Size Finder

Using a measuring tape, measure the circumference around the knuckles excluding the thumb. Your hand should be open with the fingers together. If you do not have a measuring tape you can use a piece of string in its place and then use a ruler to measure the string. Compare this measurement to the chart below to determine your glove size.

| 8/M                 | 9/L                 | 10/XL            | 11/XXL            |
|---------------------|---------------------|------------------|-------------------|
| 8-8.5"<br>20-21.5cm | 8.5-9"<br>21.5-23cm | 9-10"<br>23-25cm | 10-11"<br>25-28cm |
